

**Level 1: Digital Art Worksheet**

# Character Design (for animation or video games)

Follow the directions to fill-out the character design worksheet. Design an all new character that the world has never seen before.

**Get Creative**

1. Draw out a rough sketch of your character using paper and a light pencil.
2. Trace over the important lines with a black colored pencil or pen.
3. Make labels that describe your character's story, costume, details, and items they carry.  
On the left, draw a few facial expressions of the characters head: happy, angry and one other emotion you choose.
